NOTICE OF PUBLIC MEETING

The Tennessee Department of Transportation (TDOT) will conduct a Public Meeting on Tuesday, November 9, 2010 to discuss SR-115/U.S. 129 (Alcoa Highway) Bypass project from Hall Road (SR-35) Alcoa Highway, south of Airport Road to near Singleton Station Road in Blount County. The meeting will be held from 5:00 PM to 7:00 PM at the City of Alcoa Service Center, 725 Universal Street, Alcoa, TN.

A Public Hearing was held for this project on June 29, 2004 to discuss the findings of the Environmental Assessment (EA), which was approved by the Federal Highway Administration (FHWA) on March 24, 2004. Since that time, TDOT has selected the Build Alternative studied in the 2004 EA as the "Preferred Alternative" for the project.

TDOT is preparing the final environmental document and this meeting will provide the public another opportunity to comment on the project. Maps of the proposed Build Alternative (Preferred Alternative) will be available for review at the meeting. Representatives from TDOT will be present to address questions pertaining to the general layout of the Build Alternative and the social, economic, and environmental impacts of the proposed project. TDOT will also have representatives available to answer questions on the relocation assistance program, right-of-way acquisition, and construction.

The public is invited to ask questions and make comments during the meeting and will be given the opportunity to make their opinions known concerning the project. Anyone with questions regarding this meeting may contact Mr. Mike Russell, or if you have questions related to the environmental studies for this project you may contact Mr. Tom Love listed below:
